INVESTOR AND REGULATORY DILIGENCE

Regulatory and compliance evidence matrix

A document-by-document register of regulatory questions and missing evidence, without representing BTG as an approved securities venue.

Edition 2.0 · 23 October 2026 · Educational/public explanatory documentation · No public investment offering or approval claimed

Regulatory assessment by activity — not an approval

Activity	Analysis to commission	Evidence package to preserve	Public status
Securities issuance	NI 45-106, issuer eligibility and exempt/prospectus distribution analysis	Corporate authority, cap table, financials, risk disclosures, term sheet, executed agreements	Not evidenced as issued
Operating a marketplace	NI 21-101, NI 23-101 and regulator recognition/ exemption review as applicable	Venue rulebook, participant eligibility, surveillance, access controls, best execution/ custody analysis	Not recognized from public evidence
Dealer/adviser roles	NI 31-103 and provincial law	Legal classification, registration/exemption, KYC, conflicts, compliance officer	Unqualified
Cash/custody/ clearing	Applicable payment, AML, custody, clearing and client-funds requirements	Reconciled actual bank accounts, segregation, service-provider contracts	No live cash settlement evidenced
Bridge personal information	BC PIPA/PIPEDA where applicable; contractual provider restrictions	Consent basis, DPIA/PIA, tenant isolation, incident response, retention and withdrawal	Production connectors unqualified

Activity	Analysis to commission	Evidence package to preserve	Public status
Youth workshops	Host operator, applicable screening and insurance, meaningful child/guardian consent	Host-approved safeguarding plan and emergency policy	Proposed only

Document request register

1. Formal legal entity and shareholder/control documentation appropriate to the activity.
2. Signed classification memorandum mapping each U/A/I instrument class to enforceable economic rights.
3. Updated legal and regulatory requirements by Canada/BC and every additional operating jurisdiction.
4. Corporate and per-issuer financial statements and transaction assumptions reconciled to actual records.
5. Conflicts of interest, market abuse prevention, surveillance and participant complaint policies.
6. Cybersecurity/penetration and privacy assessments under named independent scope.
7. Release management showing which features remain disabled until legal or technical gate completion.
8. Internal responsibility matrix, escalation contacts, record retention and revision control.
